reinforce such focused, skill-based competency-oriented training

100  
Camps

3228  
Children

2100  
Youths

23  
States/UTs

This year, 49th and 50th Camps in the series, have been scheduled during

MAY  
11 to 20, 2026

JUNE  
01 to 10, 2026

### Objectives :

To help youths realize their hidden potential and develop their capabilities to meet the challenges ahead by imparting entrepreneurial traits of **risk taking, creative thinking, conflict management, effective communication, teamwork & managing one's emotions**.

### Activities :

- Entrepreneurial motivation, development games and exercises to foster traits such as; creativity, concern for excellence, leadership, problem solving, independence, goal setting, etc.
- Formal and informal interaction with successful achievers and entrepreneurs.
- Evaluation and development of entrepreneurial traits and competencies.
- Visits to institutions of repute to analyze the process of creation and development.
- Self-assessment through specifically designed psychological tests, instruments and learning through observing self in varied situations.
- Career and psychological counseling.

### Venue & Accommodation:

The camp will be organized at the award-winning EDII Campus, Ahmedabad. Well-equipped, AC classrooms with modern amenities will be made available. Participants would be accommodated in AC rooms on a twin-sharing basis.

## For Whom :

Higher secondary and college going youths in the age group of 16-22 years can apply.

### Participant Opines...

From entering the room on the first day knowing literally no one, to knowing everyone's life stories by the last day - this journey has been incredible.

From having a fear of public speaking to confidently sharing the 'most important lesson learnt yesterday', and from knowing very little about entrepreneurship to understanding effective communication and persuasion strategies, goal setting and achievement, creativity and innovation, design thinking and ideation, team building and leadership, the Business Model Canvas, problem-solving and negotiation, emerging technological trends, entrepreneurial finance and planning, and social entrepreneurship — this camp was nothing short of transformative. Engaging in various activities with Pankaj Bharti, Sanjay Rao, Rohan Shah, Kavita Saxena and many other respected personalities was marvellous. Mr. Meet Jatakia inspired me to be like him for sure. Learning how body language plays a very important role in communication with Mr. Sanjay Rao and discovering how being confused can benefit with Rohan Shah. Every Part of this summer camp was productive...

**Pragati Dayma, Participant  
47th Summer Camp on Entrepreneurial Adventures for Youth**

## About the Institute...

Launched in 1983, EDII is a National Resource Institute in entrepreneurship education, research, training, capacity building, institution-building, MSME growth and startup incubation. The Institute has been set up with the support of premier financial institutions, viz; the IDBI Bank Ltd; ICICI Ltd; IFCI Ltd; State Bank of India and with the backing of the Government of Gujarat. EDII stands on the belief that 'Entrepreneurs are not just born but can also be created by training and well-conceived interventions'.

The Institute was set up during times when there were more disbelievers than believers in entrepreneurship. Since then, it has evolved, curating successful training models, most of which are being replicated widely. The Institute successfully established the credibility of entrepreneurship as a development tool and went on to get recognized as the CENTRE OF EXCELLENCE by the Ministry of Skill Development and Entrepreneurship, Govt. of India.

EDII began by conceptualising Entrepreneurship Development Programmes (EDPs), and by launching a tested training model for New Enterprise Creation, implemented even today, as EDII-EDP model. Gradually, The Institute moved on to designing and implementing multiple programmes and replicable development models for diverse target groups leading them to becoming successful entrepreneurs and skilled individuals. It also undertook the task of institution building by setting up entrepreneurship development centres in several states of the country including initiation of ED centres in many more new states/UTs, such as: Goa, Uttarakhand, Chhattisgarh, Ladakh etc. This effort was broad-based internationally too, with the setting up of Entrepreneurship Development Centres in Cambodia, Laos, Myanmar, Vietnam, Uzbekistan and Rwanda.

Today EDII works in a collaborative mode with noted corporates as well as Government Ministries / Departments in implementing mega projects with resounding results in terms of New Enterprise Creation and generation of livelihood options. Additionally, the Institute's association with Institutes of national importance and premier organizations of the country, and other regulatory bodies is also generating commendable results in terms of deep-rooting entrepreneurship across sectors.

EDII activities and projects have been focussed on Policy Advocacy, Knowledge and Research; Entrepreneurship Education; Government Projects; CSR Partnerships; SME Development; Innovation & Technology, and International Outreach. Institute's Technology Incubation Centre, CrAdLE (Centre for Advancing and Launching Enterprises), set up with the support of Department of Science and Technology, Govt. of India, is focused on incubating start-ups in the potential areas of food/agri business, renewable energy and healthcare.

EDII is committed to the goal of boosting entrepreneurship across segments and sectors through innovative models, projects and programmes, thus effectively leading the country towards the mandate of *Viksit Bharat*.
