Ahmedabad

46th & 47th

Summer Camp

on

Entrepreneurial Stimulation for Children

MAY
3 to 8
2026

MAY
24 to 29
2026

Children need to be nurtured in an environment that allows them to experiment with their thoughts, ideas and creativity. Right stimulus for growth, can noticeably enhance their ability to perceive, judge and reason.

The National Education Policy (NEP) 2020

emphasizes on

experiential, activity-based and skill-oriented education & learning

resulting in

entrepreneurial traits of

- creativity
- critical thinking
- problem-solving
- risk-taking
- communication skills
- leadership

In line with this mandate, EDII's **National Summer Camps on Entrepreneurial Stimulation** have been grooming children for last more than 31 years, imparting **entrepreneurial skills** that make them future-ready and high-achievers.

100

This year,
46th and 47th Camps in the series,
have been scheduled during

MAY
3 to 8
2026

MAY
24 to 29
2026

OBJECTIVE :

The objective of the camp is to inculcate the 'Spirit of Enterprise and Achievement' in children so that they target higher-order achievements.

HIGHLIGHTS OF THE CAMP :

- 12 to 16-year-old children are eligible. The number of participants is limited to 90. Adequate arrangements are made for girls, such as appointment of a lady caretaker.
- Since focus is on activities, there is no language bar. However, participants are expected to communicate in either English, Hindi, or Gujarati.
- Activities include mental gyms, motivation and creativity exercises, puzzles, value education, presentations, learning through success stories, industry visits, and 'yoga'.
- The entire group will be divided into two sub-groups of 12 to 14 (Group-A) years and 14 to 16 (Group-B) years.
- A parents' meet will be organized to brief them on their ward's performance and potential.
- Formal and informal interaction with well-known entrepreneurs and achievers from various fields will be organized to motivate the children to target mega successes in life.

VENUE :

The camp will be organized at the award-winning EDII Campus, Ahmedabad. Well-equipped, AC classrooms with modern amenities will be made available. Participants would be accommodated in AC rooms on a twin-sharing basis.

Their Words Inspire us...

“

I had never imagined that a camp could bring about such a significant change in personality. Those six days at EDII achieved what years of regular schooling couldn't. Beyond the curriculum, it built confidence, independence and self-belief. These structured programmes provide the perfect balance of freedom and guidance. The peer learning environment helps them to open up naturally and early exposure to real-world scenarios builds decision-making skills. The confidence they gain reflects in everything they do. Let's give our teenagers their wings while we can still guide their flight!

CA. Rahul Bajaj, Father of Manas Bajaj
Participant of 42nd National Summer Camp on Entrepreneurial Stimulation for Children

”

At first, I was nervous about interacting with so many new people, but the camp activities were designed in such a way that it became really easy to connect with others. Students from different states and academic backgrounds came together and we quickly formed bonds. This camp taught us entrepreneurship and the skills needed to start & manage a business. The industrial visits gave us a real-world view. This camp truly exceeded my expectations, and I'm very grateful to EDII.

Dhruvi Patel, Participant
42nd National Summer Camp on Entrepreneurial Stimulation for Children

About the Institute...

Launched in 1983, EDII is a National Resource Institute in entrepreneurship education, research, training, capacity building, institution-building, MSME growth and startup incubation. The Institute has been set up with the support of premier financial institutions, viz; the IDBI Bank Ltd; ICICI Ltd; IFCI Ltd; State Bank of India and with the backing of the Government of Gujarat. EDII stands on the belief that 'Entrepreneurs are not just born but can also be created by training and well-conceived interventions'.

The Institute was set up during times when there were more disbelievers than believers in entrepreneurship. Since then, it has evolved, curating successful training models, most of which are being replicated widely. The Institute successfully established the credibility of entrepreneurship as a development tool and went on to get recognized as the CENTRE OF EXCELLENCE by the Ministry of Skill Development and Entrepreneurship, Govt. of India.

EDII began by conceptualising Entrepreneurship Development Programmes (EDPs), and by launching a tested training model for New Enterprise Creation, implemented even today, as EDII-EDP model. Gradually, The Institute moved on to designing and implementing multiple programmes and replicable development models for diverse target groups leading them to becoming successful entrepreneurs and skilled individuals. It also undertook the task of institution building by setting up entrepreneurship development centres in several states of the country including initiation of ED centres in many more new states/UTs, such as: Goa, Uttarakhand, Chhattisgarh, Ladakh etc. This effort was broad-based internationally too, with the setting up of Entrepreneurship Development Centres in Cambodia, Laos, Myanmar, Vietnam, Uzbekistan and Rwanda.

Today EDII works in a collaborative mode with noted corporates as well as Government Ministries / Departments in implementing mega projects with resounding results in terms of New Enterprise Creation and generation of livelihood options. Additionally, the Institute's association with Institutes of national importance and premier organizations of the country, and other regulatory bodies is also generating commendable results in terms of deep-rooting entrepreneurship across sectors.

EDII activities and projects have been focussed on Policy Advocacy, Knowledge and Research; Entrepreneurship Education; Government Projects; CSR Partnerships; SME Development; Innovation & Technology, and International Outreach. Institute's Technology Incubation Centre, CrAdLE (Centre for Advancing and Launching Enterprises), set up with the support of Department of Science and Technology, Govt. of India, is focused on incubating start-ups in the potential areas of food/agri business, renewable energy and healthcare.

EDII is committed to the goal of boosting entrepreneurship across segments and sectors through innovative models, projects and programmes, thus effectively leading the country towards the mandate of *Viksit Bharat*.
