The Journal of Entrepreneurship (JoE) invites authors to submit papers for its **Special Issue on Entrepreneurial Ecosystems through a Diaspora Lens: Social, Cultural, Political, and Psychological Influences on Entrepreneurship**. Research on entrepreneurial ecosystems has grown rapidly and immigrant entrepreneurs have proven to be a powerful element. Interest in diasporas and diaspora-like phenomena has already opened our eyes to the importance of diaspora-related social, cultural, political, and psychological influences. We invite innovative papers on this theme. We also encourage innovative collaborations, including with policy experts and practitioners.

Submissions may focus on, but are not limited to, the following themes:

- **Diaspora Characteristics and Their Role in Shaping Entrepreneurial Ecosystems**
- **Socio-Cultural, Political, and Psychological Determinants of Ecosystem Formation and Evolution**
- **The Role of Connectors and Microfoundations in Entrepreneurial Ecosystems**
- The JoE is a peer-reviewed quarterly publication of the Entrepreneurship Development Institute of India. It has an H-index of 37 and an impact factor of 1.9. Published by SAGE Publications since 1992, the journal is available in both print and electronic formats and is indexed in leading academic databases.
